The Legend of Zelda: Ocarina of Time 3D brings a completely re-mastered version of an epic entry in the beloved The Legend of Zelda game series to Nintendo's newest hand-held system, Nintendo 3DS. The game couples phenomenally enhanced graphics with stunning, glasses-free 3D visuals to bring to life the daring adventures of its hero, Link™. A streamlined touch-screen interface and newly implemented motion controls provide a fresh and intuitive feel as players immerse themselves in the tale of the creation of Hyrule and the struggle for control of its all-powerful ancient relic.
The game will also feature new challenges not included in the original game. The Legend of Zelda veterans can look forward to the Master Quest – a second quest with revamped puzzles and redesigned dungeons that feature the same graphical and interface upgrades as the main game.
The Legend of Zelda: Ocarina of Time 3D is a masterful improvement on one of the landmark releases in video game history.

NINTENDO UNVEILS NEW Wii PACKAGE AT SUGGESTED RETAIL PRICE OF $149.99, LAUNCHES 'NINTENDO SELECTS' AT SUGGESTED RETAIL PRICE OF $19.99 Wii GAMES

MAY 15, 2011

Mario Kart™ Wii
ESRB: E [EVERYONE]:
Comic Mischief

Nintendo is dropping the suggested retail price of its Wii™ system to $149.99 and including a Mario™ game with the Wii hardware. Starting May 15, the newly priced Wii system will come in either black or white with the Mario Kart™ Wii game and a matching colored Wii Wheel™ accessory, Wii Remote Plus and Nunchuk controllers, replacing the previously included Wii Sports™ and Wii Sports Resort™ games.

Also on May 15, Nintendo launches the new Nintendo® Selects collection of Wii games, a set of popular games that millions of people have already experienced, at a suggested retail price of $19.99. The four must-own games in this collection are The Legend of Zelda™: Twilight Princess, Animal Crossing™: City Folk, Mario™ Super Sluggers and Wii Sports, which is available for the first time as a separate software purchase. Parents and video game fans can now easily expand their library of fun, family-friendly Wii games.

With the Mario Kart Wii game now included with the Wii hardware, players will be able to enjoy fun go-kart racing with Mario and all his Mushroom Kingdom pals right out of the box. The Wii Remote™ Plus controller, Nunchuk™ controller and Wii Wheel accessory included in the package will all match the hardware, meaning they will be either black or white. The new black Wii Wheel will also be available separately at a suggested retail price of $9.99.

Wii Play Motion

ESRB: E10+ [EVERYONE 10+]:
Cartoon Violence

With the June 13 launch of Wii Play: Motion, Wii owners will be twisting, turning and enjoying themselves like never before. From using an umbrella and skates in a windy race to the finish line to fending off veggie-stealing garden pests by swinging a mallet, each of the 12 included games will have players smiling wide as they use their Wii Remote Plus controller (or Wii Remote with Wii MotionPlus™ accessory) in a variety of interesting, and unexpected ways.

The Wii Play: Motion game comes packaged with a Wii Remote Plus controller – which combines the original Wii Remote controller with the precision of Wii MotionPlus – to deliver great value, precise motion control and immersive multiplayer fun that anyone in the household can pick up and instantly enjoy.

uDraw SpongeBob SquigglePants – THQ – NOW AVAILABLE

In SpongeBob's most crazy, creative adventure yet, be prepared to laugh your SquigglePants off as you tilt, flick, tap and draw through more than 100 Nanogames set in six zany worlds. SpongeBob SquigglePants puts you in the driver's seat for a dizzying series of lightening-speed Nanogames, giving you mere seconds to finish one before moving right on to the next. Within this rapid-fire succession of challenges, SpongeBob SquigglePants exposes players to never-before-seen SpongeBob art styles from the Nickelodeon vault. SpongeBob SquigglePants also lets players digitally draw, paint, color and choose from dozens of SpongeBob-themed stamps, using the uDraw to create a masterpiece worthy of a place in Patchy's own collection of SpongeBob art, or their own refrigerator, thanks to the uDraw's exclusive ability to export art to the SD card slot on Wii console. The entire game is hosted by SpongeBob's biggest fan, Patchy the Pirate, in a never-before-seen live action experience for an added level of under-the-sea silliness. Also available on Nintendo 3DS system.
